

Cannabis as Medicine

Next Steps

FIND OUT

- Ask your physician or pharmacist about potential drug interactions.
- Does your employer have a medicinal cannabis policy? Employers are not required to accommodate employee use/possession.
- Does your landlord or housing program have medicinal cannabis restrictions?

HAVE A PLAN - Avoid unintentional poisoning of children or pets.

- Keep all medicinal cannabis products in a lockable box and/or child-resistant container.
- Place all medicinal cannabis products out of the reach of children and pets.
- Store edibles separately from food items.
- Use a sticker to reseal open packages to deter tampering and discourage use by others.
- Know how much medicinal cannabis you have at all times.
